

Fire From The Sky

FIRE FROM THE SKY

by "*One Who Knows*"

PART 30:

THE KENNEDY-NAZI CONNECTION

JFK's father, Joseph Kennedy, had a reputation of being pro-Nazi or at least pro-Hitler. Joe was a bootlegger and a member of the Mafia, although he hated the Jewish Mafia (Mishpucka) boss Meyer Lansky (real name Maier Suchowljansky). He was U.S. Ambassador to Britain but was recalled because of his pro-Hitler viewpoint. His code clerk was Tyler Kent, which is a story in itself.

In the book **Final Judgment** by Michael Collins Piper, you will find a story about DeWest Hooker. Hooker was a good friend of both Joseph Kennedy and George Lincoln Rockwell, Commander of the American Nazi Party. Piper tells of the arrangement made with Hooker and Rockwell to help JFK get elected. Hooker said, "Frankly, as far as I'm concerned, it was my work that got Johnny Kennedy in the White House." I suggest you read the book, it is available from **Spotlight** Newspaper or Liberty Lobby. If I quote small portions from it you probably would find it too hard to believe! I assure you the story is true, for I know well the man who was the bodyguard and stenographer/scribe to Commander Rockwell.

When Senator Joe McCarthy was conducting the hearings on Communists in the government, his assistant, seated at the same desk beside him, was Robert Kennedy. The Senator at the desk beside McCarthy was Senator John F. Kennedy. JFK was an **insider** who KNEW the source of the problems. When he became President, he fired the CIA heads, installed his brother as Attorney General, and said he was going to put the United States back on the silver standard, stop the Vietnam War, eliminate government involvement with the Mafia, and eliminate the Federal Reserve problem. It has also been reported that he was going to tell the truth about UFOs. Ten days after he gave a speech at Columbia University making these statements, he was murdered.

NAZI IMBECILES?

When Dornberger went to work for Bell, Bell recruited another former German army scientist, Krafft Ehrlicke, "who had been an adviser on the German wartime atom bomb project" according to Jack Manno, **Arming The Heavens** (Dodd, Mead & Co., 1948). We read a book that says Germany had no atomic bomb project, we read another that says they did. Manno said that Wolfgang Nogerath was brought in and put in charge of what became the Polaris missile. Willy Fiedler was brought in and made chief of planning of the underwater launch systems for submarines.

Let me summarize for you the story as presented. We Americans were far ahead of the stupid Nazi Germans, although we had not yet made any atomic bombs. As the war was ending, we sent in teams and frantically searched for the German atomic scientists. We captured some of those dumb, incompetent scientists, quickly brought them to the United States in top secret programs that are still highly classified, we put those stupid losers in CHARGE of our projects, and we suddenly started making Atomic Bombs. An missiles - and satellites - and whatever else.

I just want to be sure you got the story straight.

COVER AND CONCEALMENT

Speaking of lies and deception, it would be reasonable to think that if our spy satellites were destroyed in 1977, as stated in *Fire From The Sky,* then there would have been all kinds of repercussions and a lot of people who depend on those satellites would know about it. How was the truth kept secret?

One part of the answer is revealed in a book called *The Falcon And The Snowman* by Robert Lindsey (Pocket Books, New York, 1979). This book tells the story of Christopher John Boyce. Boyce went to work for TRW on July 29, 1974. TRW is the company that made the Viking probe that went to Mars and the satellites which provided General George Keegan with information on the Russian activities at Semipalatinsk and such.

Boyce worked in the top-secret "black box" section, he was the man with the keys and codes to access the vault. He had access to Projects Rhyolite, Argus, Pyramider and "Project 20,030" files, projects which involved spy satellite data coming to the American base at Pine Gap (code named Moreno), Australia, near Alice Springs. He learned things that upset him, such as the CIA interference in Australian elections, the U.S. was lying to other governments, etc. Read the book for more of the story. He began stealing and selling secret documents to the Russian Embassy in Mexico and in January, 1977, he was arrested and charged with espionage.

"It came out during the Boyce-Lee trial that data from these satellites goes to a readout station in Australia - but *not* the one that monitors the early warning satellites. Instead, the data goes to a CIA-run complex in a valley called Pine Gap. After the Pine Gap computers have processed the data, it goes to the TRW Defense and Space Systems headquarters in Redondo Beach, California" (p.111, *The New High Ground* by Thomas Karas).

It was claimed that as a result of his selling secrets to the Soviets, the Soviets changed and encoded their transmissions, camouflaged their facilities, etc., so that the spy satellites suddenly no longer worked. Stansfield Turner, director of the CIA, said the results of Boyce's spying were "distressing, perhaps appalling."

As a result of his spying, we are told, the CIA no longer had satellite coverage of Iran, for instance, leading to the Iranian hostage crisis. Do you remember when the CIA was criticized for being surprised at the fall of the Shah and for not foreseeing the Iranian Hostage Crisis? In truth the U.S. DID know beforehand, as they orchestrated those events, but it is too much to try to cover here. Oh, what a tangled web... NOTHING is as it is presented to the public by our media and leaders.

"Our intelligence community is in disarray. A major satellite intelligence system, developed and deployed at a cost of billions of dollars over the past decade, without Soviet knowledge, has been compromised by intelligence procedures as porous as Swiss cheese." This was a statement made on December 8, 1978, by William Clements who was Deputy Secretary of Defense at the time Boyce worked in the Vault and who later became governor of Texas.

Would you be surprised to learn that Boyce may have been manipulated/set-up? Even the author of the book noticed mysteries: "Why TRW would place a \$140-a-week, twenty-one-year-old college dropout in such a sensitive national-security position in the first place is, at least in retrospect, a puzzle. Circumstantially, TRW's decision to leave the Pyramider papers unlocked in the vault where Chris could read them shortly before his departure suggests they could have been left as bait. And there

was the mystery of Daulton's [Boyce's assistant in crime] fingerprints on the circuit boards.

An FBI fingerprint expert testified that he had found Daulton's prints on a circuit board from one of the encrypting machines in the vault. Yet both the two spies, when denials meant nothing regarding whether they might be convicted or not, insisted that Daulton had never entered the vault nor had he ever touched the circuit boards. And certainly, the presence of a U.S. Embassy official at the Soviet Embassy on the morning of Daulton's arrest added another curiosity to the case" (p. 422).

Boyce's partner Daulton claimed that all along he was working undercover for the CIA. "The affair of the snowman and the spy who called himself the Falcon was an episode that demonstrated amazing ineptitude on the part of the Central Intelligence Agency" (p. 423).

Boyce's defense attorney George Chelius later developed a lucrative law practice in Orange County, California, catering to businessmen and land developers (p. 427).

A similar event was when William Kampiles sold the Russians a complete manual on the KH-11 (sometimes called the Big Bird, but technically not the same) satellite in March 1978. Kampiles was an operations clerk at CIA headquarters and resigned in October 1977, just after the Russian destruction of our satellites. In February 1978 he went to Athens, Greece. On February 23, he went to the Soviet Embassy and started making arrangements to sell them the documents. He was arrested and went to trial in November 1978 and was sentenced to 40 years.

The facility at Pine Gap, Australia, is something that needs a closer look. Stan Deyo, in **The Cosmic Conspiracy,** tells of a multi-national consortium at Pine Gap that have "radical atmospheric vehicles." In other words, UFOs have been seen going in and out of Pine Gap. Deyo mentions that Dr. Vannevar Bush (claimed to be a member of MJ-12) made repeated visits to the area. Deyo says they are conducting research on crashed UFO residue at Pine Gap.

I will close this section with something to ponder: Astronomer Dr. James Greenacre and four colleagues at a conference on "Moon Problems" in New York in 1964 said that on 29 October 1963 they observed several colorful spots on the moon that moved in formation. One month later Greenacre observed the same phenomena.

The May 1966 issue of **UFO Nachrichten.** Vol. 117, said: "Prof. Dr. Greenacre saw on or close to the moon at least 31 space craft of gigantic size. Some were from 300 meters to 4.8 kilometers long. They were in motion while being observed through the telescopes. Also, clearly discernible were numerous smaller craft approximately 150 meters in diameter, which moved past or alongside the huge craft, the 'mother craft' occasionally changing color, as in the often-reported, pulsating style."

Keep looking up.
